HIGHLIGHTS

BASKETBALL HISTORY IS MADE AT HONAKER HIGH SCHOOL

Michelle Stoops has become the first female player to score 1,095 career points since the return of girls basketball. While at Honaker High School, Michelle has exhibited all of the traits of a great player and has set an example for others to follow with her dedication to excellence. She showed tremendous ability each year and finished her senior year by averaging 11.6 rebounds, 6 assists, 6.2 steals and an average of 22 points per game.

Possessing tremendous stamina, super quick reactions, excellent ball handling skills and a great eye for the basket, Michelle will be welcome addition to the college courts next year. We will certainly miss her!

THE YEAR AS A WHOLE

"The biggest improvement was our rushing game, with a running back setting a school record for rushing and T.D.'s. Also, the offensive line and backs blocked well. The team approached the season with a better attitude and a desire to win. The seniors contributed to the program with leadership, a desire to make the program respectable, and to obtain a winning tradition.

In the Fall of 1984, Honaker welcomed a new Band Director, Mr. Ted Pobst. Mr. Pobst is a graduate of East Tennessee State University and has a Bachelor of Science degree in Arts and Sciences.

Mr. Pobst's first year was a very challenging and enriching experience for him. It was no easy task assuming the responsibilities he did.

A strong Hogoheegee District kept the 1984-85 Tigers from compiling a good district record (4-8), but the Tigers did produce a strong, competitive team, Led by Seniors Randy Vernon, Gregg Farmer, and All-District performer Jon Humphries, the 1984-85 team fashioned a 5-3 non-district worksheet which included two one-point losses. The Tigers lost five games by a total of nine points. Humphries (Sr.) led the team in scoring, rebounding, and steals while Cal Slate (Jr.) led the team in assists. The team averaged 55.9 points per game and allowed 55.4 points per game to the opposition. Returnees Bryon Helton (Soph.) and Scott Compton (Jr.) also were team stand-outs and should combine with Cal Slate, Randy Sizemore, Chris Miller, Randy Dye, Brad Hart, and several upcoming Junior Varsity players to keep a strong tradition alive next season.

WEIGHTLIFTING

In order to be successful in sports, an athlete must appreciate the vital role that weightlifting plays in strengthening and conditioning the body. The weight lifting program is very benificial to the athlete. Each Monday, Wednesday, and Thursday, one can find 20-30 athletes working hard to help strengthen and conditioning their bodies. Weight lifting not only strengthens the athlete, but also helps protect the athlete from injury. *Bigger, stronger,* and *faster* is the key to success in athletics.

A GIFT FROM ECUADOR

On February 14th, the halls of Honaker High were graced by a new face. Susan Salcedo, a foreign exchange student from Guayaquil, Ecuador, enjoyed her first day of school in the United States. Mr. and Mrs. Chester Hess were honored to have Susan in their home as a second daughter.

Susan spent three months in our country and she introduced to our students many customs and traditions of her culture. Her visit was a great learning experience for everyone involved.

Susan added lots of happiness and cheer to our school, especially for the senior class. We shall never forget Susan, and we hope that her visit here meant as much to her as it did to us.

The Lady Tigers are a group of athletes to be admired. There were many hardships faced by these ladies this year, but as usual the fighting spirit of the Tiger prevailed. Even though we were not victorious in our district we still had a winning season, with a record of 9-4. I would like to say that I am proud of every girl on the team and to my seniors may you have the best of luck in the future in all our endeavors. And, remember the 4 D's.

1985 was a total rebuilding year for the ever winning Tigers. Great doubt and speculation filled the air about the baseball team's chances of having a winning season. With six positions to be filled, and an entirely new pitching staff, it looked bleak. The Tigers left no questions unanswered by the end of the season as they posted an 11-4-1 record and went to the regional play-offs, as the 2nd place team in the district.

BOOK TRAK SYSTEM

Librarian
Barbara Parker

Library Aide
Sue Kiser

When asked how it works Mrs. Parker replied, "Wonderfully, it has been a true asset this year." What Mrs. Parker is referring to is the new Book Trak System that has been installed in the library. The Book Trak System, which is one of the few in the area, consists of a program that enables a librarian to check out and return books and do inventory through the aid of a computerized program. An additional asset is that it retains a record of each student's lost and overdue books throughout his high school years. Overdue notices are printed by the computer on a weekly basis. Mrs. Parker says, "Before this new system, I would lose track of who lost what book and when it was lost. Now I have an accurate record of each student." Mrs. Parker had visited Pulaski County High School and observed the system there. The computer program itself cost $650.00 and the entire system totaled over $4000.00.

Mrs. Parker uses a bar wand to check out a book for a student.

All books are labeled with a bar code

All students are given an identification number.

Another year goes passing by
And Graduation is here.
To some this brings a joyous smile,
To others brings a tear.
For five years, we have tread a path
From dawn to setting sun.
But, now the path gets steeper
As the climb has just begun.
This night together, will be our last,
Farewell to you
Our Senior Class.

Jennifer Hess (4.0) — I hope to attend Emory and Henry College and obtain a Bachelor of Science degree in psychology. Upon graduation from Emory I hope to transfer to a larger university and work on a Ph.D. in psychology. My career goal is to become a Clinical Psychologist. I enjoy reading, writing, rappeling, and spelunking. I would like for every member of the Class of '85 to have peace, happiness, and success.

Gary Keen (4.0) — I plan to either join the Air Force or attend SVCC. I enjoy water-skiing, softball, and skating. If I could have anything in the world it would be success.

Lynessa Sheppard (3.95) — I plan to attend Southwest Virginia Community College and major in English. I would then like to transfer to the University of Virginia. Someday I hope to teach English on a high school or college level. My hobbies include writing, reading, swimming, and tennis. Vickie Barrett (3.79) — After graduation, I plan to attend SVCC for two years and take Accounting. Later I would like to transfer to another college and become a CPA. Brian Bennett (3.78) — After completing High School here at Honaker I plan to attend SVCC and get an associate in Science. After completing two years at SVCC I will transfer to a major four-year college. I will either attend Virginia Tech or University of Tennessee. I would also like to get a good education which would help me all my life.

EDITOR'S COMMENTS

It has been my pleasure to be a part of the Torch staff for the past two years. Serving as editor has been a challenge. As the deadlines were met, I realized that we were coming closer to our goal. I wish to give special thanks to each member of the staff for all their time and dedication. I would also like to thank Ms. Hammel for all the special effort she has extended to make the 1985 Torch a success. It seems that my year as Torch editor has passed by quickly. I hope the memories within this book reflect back on the time that has so swiftly passed on, never to return. This book is filled with momentos we will never forget. Looking back through the pages, I hope you enjoy the memories compiled within.
